Sir:

**PETITION TO WITHDRAW HOLDING OF ABANDONMENT**

Applicants received a Notice of Abandonment dated October 31, 2007. Applicants respectfully petition that the improper holding of abandonment be withdrawn because a proper reply was timely filed on February 7, 2007 in response to the Office letter of January 19, 2007.

The Abandonment Notice indicates that Applicants failed to timely file a proper reply to the Office letter mailed on January 19, 2007, which set a three (3) month period to reply. The Applicants respectfully disagree. A proper reply (Reply) was in fact timely filed on February 7, 2007 as Express Mail Post Office with the U.S. Postal Service.

1. The USPTO's own PAIR system shows that the Reply was timely filed on February 7, 2007. The Reply can be found in the image section under the date of February 7, 2007.

Nevertheless, as a courtesy to the Office a copy of the Reply (and its cover letter) captured from the PAIR system is enclosed herewith.

2. Applicants enclose additional evidence herewith showing that the Reply was timely filed. Enclosed is a copy of the return receipt postcard having the application number, docket number, item listing (i.e., "response to 1/19/07 office action"), Express Mail number, and USPTO mail date stamp thereon. The USPTO mail date stamp shows that Applicants' Reply was physically received in the USPTO on February 9, 2007.

The return receipt postcard serves as *prima facie* evidence of receipt in the USPTO of all items listed thereon on the date stamped thereon by the USPTO (MPEP § 503). Therefore, the return receipt postcard, with the listings thereon having been checked by the USPTO with the items actually filed in accordance with MPEP § 503, confirms the Reply was indeed timely filed.

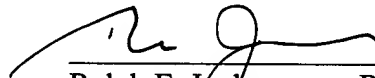

3. Furthermore, as can be seen, the express mail number EV954010080US on the stamped return receipt postcard corresponds to the express mail number on the Reply's cover letter.

Thus, Applicants have presented evidence that a proper reply was timely received by the USPTO in response to the Office letter mailed on January 19, 2007. Therefore, Applicants petition that the Abandonment Notice be withdrawn and their Reply be rightfully entered.

**Conclusion**

Applicants respectfully request that their petition be granted for the reasons presented herein. The undersigned is willing to discuss any aspect of the Application.

Respectfully submitted,

Sir:

In response to the Office Action ("Action") dated January 19, 2007, kindly enter

Applicants' "Request for Clarification" without prejudice as follows:

### **Request for Clarification**

Applicants request clarification and correction of the record. The Action is incomplete because it does not permit Applicants to submit a full response to every issue.

Claims 1-4, 9, 13-16, and 18-21 are pending. Reconsideration is respectfully requested.

### **Applicants Request that all documents to be listed on form PTO-892**

The record shows that the Action refers to at least one document that has not been listed on form PTO-892. For example, note reliance in the Action on the document King, et al. (WO 98/50840). Correction of the record is requested. MPEP § 707.05(g).

### **Applicants Request a copy of a document relied upon in the Action**

The record shows that the relied upon document to King, et al. (WO 98/50840) is neither a U.S. patent nor a published U.S. application. Nor has a copy of the relied upon document been furnished to Applicants. Applicants respectfully request a copy of the relied upon document. MPEP § 707.05(a).

### **Request for a new period to reply**

Applicants request that the Office restart the time for reply in accordance with MPEP § 710.06. Applicants reserve all rights to provide additional response (e.g., remarks, amendment, etc.) to the Action.

### **Request for treatment of the application as special**

The record shows that this application has been pending more than five (5) years. In accordance with MPEP § 708.01 (I) and § 707.02 this application is to be treated as a "special" case, which grants it receiving a very high examination priority and being advanced out of turn by the Examiner in the order of examination (MPEP § 708). Applicants respectfully request that the Office docketing system be modified to reflect the application having "special" status.

**Conclusion**

For reasons discussed above, clarification and correction of the record are requested.

Applicants respectfully submit that this application is in condition for allowance. The undersigned is willing to discuss any aspect of the Application by phone at the Office's convenience.

Respectfully submitted,
